- » \$1,633.98 for the fire fund, checks #2009-2011 and #2013-2018; and
- » \$6,056.03 for the solid waste fund, check #1209.
- » The supervisor insisted that check #2012 (fire dept – brake parts) not be paid at this time because he wanted to know why it was not billed to the township and why it was being paid out of the fire fund. He also questioned who Eric Koronka was and where he was from.

The treasurer explained that Eric Koronka had been on the fire department for several years and lived down the road from her. She also read the bills for brake parts to the board.

B. Assessor Report

The treasurer read the report from the assessor (*copy on file*).

C. Zoning Administrator Report

The zoning administrator report was received late Monday and thus not available at the meeting; however a copy is on file.

D. Fire Department Report

The treasurer read the Fire Department Report (*copy on file*).

The board discussed the Michigan Department of Natural Resources having vehicles available. The supervisor suggested that himself and one of the trustees go look at the available vehicles. Trustee Bresette felt that the fire department should be involved in this decision.

E. Planning Commission Report

Trustee Bresette explained that there was no quorum for the December meeting, so he had nothing to report. He was concerned that the Planning Commission would find remote/virtual meetings unsuitable to their needs, and they were unsure how to go forward with their scheduled meetings.

The supervisor said to his understanding, the Planning Commission could cancel their meetings as long as they held four meetings per year, even if the meeting schedule is posted.

F. Supervisor Report

The supervisor reported on the following:

- * Attended a recycling meeting, the cost would be high (two additional mills on garbage fund), according to Waste Management.

A motion was made to send out letters or postcards to see if there's support/interest for a recycling program and secondly if residents would be willing to pay for it from a millage increase.

Motion: Terry Pihlainen
Support: Brian Bresette
Motion carried.

- * An Interlocal Agreement for Alger County to approve a designated assessor through 2026 was received. This needs to be approved by all township boards. The supervisor did not wish to approve this until he looked into it more.
