## DEERTON CEMETERY

The township cemetery is along the Deerton Road, with the main gate facing eastward. Due to its orientation, please note that the maps have an adjusted compass with W at the top.

### Sections of the Cemetery

#### **Original Section (A):** Blocks 1 – 14 (+ toolshed)

This land was originally donated around 1900 by families living in Deerton, when the need for a cemetery was realized. The numbered blocks vary in size: blocks 1-9 are 3x2 with 6 lots (except block 7 with 1 extra lot); blocks 10-14 are irregular sizes. This area contains unmarked graves and some of the records about graves and burials are missing or lost, which ties into the appendix listed below.

**Appendix (Section U):** There were sparse records and no mapping for a significant portion of section A (the area west of blocks 1-4, north of 11-14, and south of 7-9). To remedy this, the clerk spent a great deal of time comparing burial records, locations of gravestones, local historical records, etc. This section contains the compiled records from that work.

#### **Second Section (B):** Blocks 15 – 22

This section of the cemetery was started in \_\_\_\_\_. The blocks are 6x2 with 12 lots each.

#### **Third Section (C):** Blocks 24 – 47 (+vault as 23)

This section of the cemetery was started in \_\_\_\_\_. The blocks vary in size – 2x1 (2 lots), 3x1 (3 lots), 4x1 or 2x2 (4 lots), or 3x2 (6 lots).

*\*Blank lines: Township records at the NMU archives will be searched for more info and dates.*

#### **Fourth Section (D):** Blocks 50 & up

The most recent section purchased in 2014. This area contains thoroughly plotted, mapped, and marked graves as well as pathways capable of supporting heavy equipment. It also contains a special section of cremation plots.

Details of graves, burials, etc, may be missing or incomplete. If you or your family have information that would improve the cemetery records, the township would appreciate your willingness to share these details so that we may all work together to remember those who were here before us, and preserve our past in a way that honors their contributions to the history of this township.

= veteran's grave site

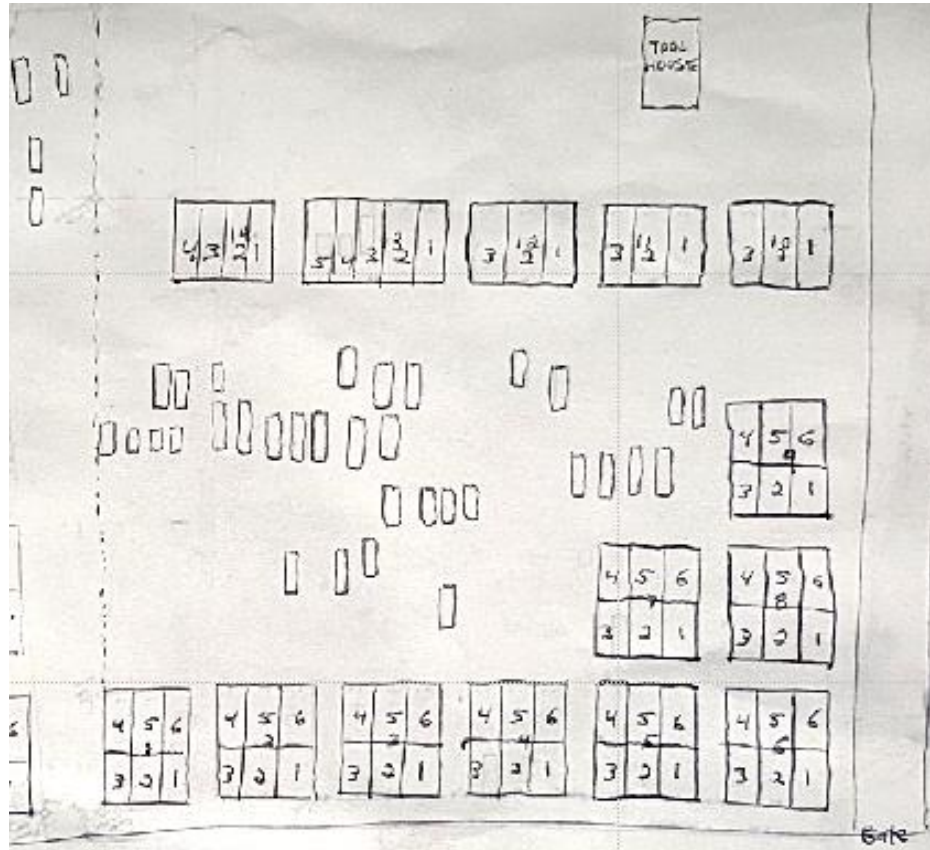

= grave is only marked by a wooden cross

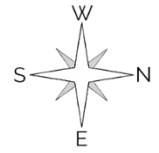

= no marker (burial recorded)

APPENDIX A: SECTION U - UNRECORDED AREA (*between blocks 1-4 and 11-14*)

The letter U was chosen to mark this section as previously unrecorded. There were sparse records and no mapping for a significant portion of the cemetery (the area west of blocks 1-4, north of 11-14, and south of 7-9). To remedy this, the clerk spent a great deal of time comparing burial records, gravestones, local historical records, etc. This section contains the compiled records from that work.

Lot	Interred / (Owner)	Born	Died	Vet
1	Emilia Koivunen	1862	1945	
2	Oscar Victor Lampinen	25 Sept 1904	23 Aug 1924	✓

NOTE: Only known locations/markers are shown.

The names of Victor Johnson, John Korpi, and unknown (*likely Oscar Lampinen* – *his grave was intentionally not marked to prevent vandalism due to the circumstances surrounding his death*) were listed in this lot on a hand-drawn sheet (in only one version of the records), with the phrase "can't be sold" across the page. Emilia Koivunen's grave was drawn separately and southeast of the plot.
